COFFRET L'OISEAU BLEU RADIEUX I

RADIANT BLUEBIRD COFFRET I

For more than 100 years, the story of The Blue Bird has enchanted generations, shining a light on the true meaning of happiness.

Inspired by this age-old fairy tale, Clé de Peau BEAUTÉ has created a special collection of skincare luxuries designed to set you on the path to a world of happiness, where a radiant beauty and a radiant future await.

To take with you on your journey to joyfulness, a bluebird charm to ensure good luck comes your way.

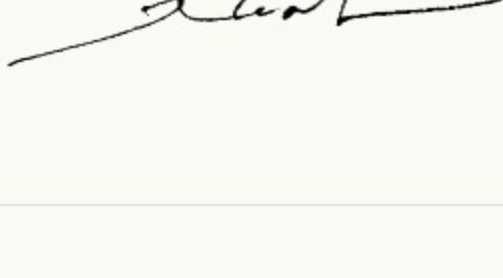

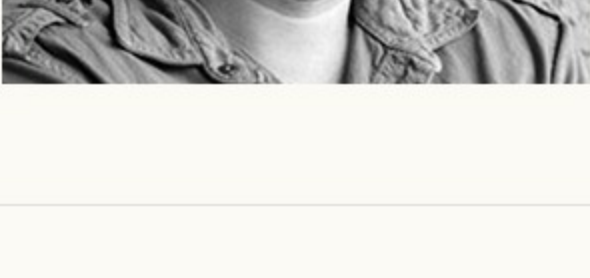

COLLABORATION ARTIST

Created in collaboration with Steven Noble, a world-renowned illustrator based in California, USA. His ability to draw with a delicate touch and a rich worldview is evidenced in his elegant and exquisite artwork. Here, he brings to life the opulent beauty of "The Blue Bird," a classic tale of the search for happiness.

ARTIST'S MESSAGE

I've always been inspired to create illustrations for fairy tales and this particular literary tale is a classic. These hand-crafted woodcut etchings completely complement this classic age-old story created many years ago. It was a real pleasure to have taken part in this project.
